JHU SciServer Access

OcularMicrobiome Project

Author: Daniela Puiu
Last update: 2025/09/22
Email: dpuiu1@jh.edu

1. Go to https://sciserver.org/ ; Select Login to SciServer
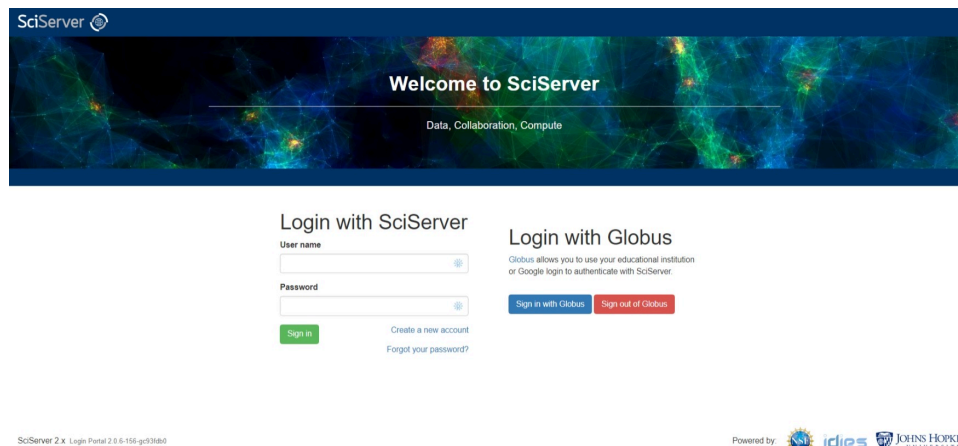

2. Create an account (if necessary)

3. Log in to your account

3a. Go to Groups and check if you are part of one any **ocular-metagenome** or **OMC_CenterName** groups.
CenterName=**Hopkins** : JHU
CenterName=**Baylor** : BCM
CenterName=**UWashington** : UW
CenterName=**Vanderbilt** : VUMC
CenterName=**UPittsburgh** : PITT

3b. If you are not part of any of these groups, contact your group administrator (or Daniela Puiu, dpuiu1@jh.edu) and ask to be added to the appropriate group.
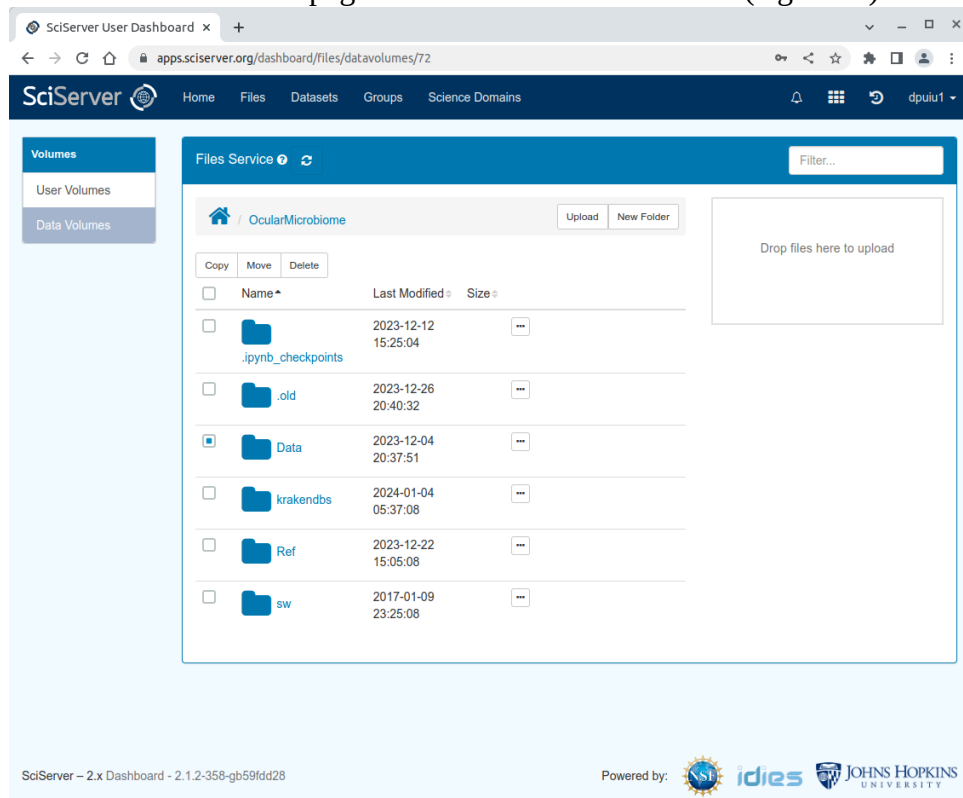

3c. You should receive an email invitation once your application has been accepted.
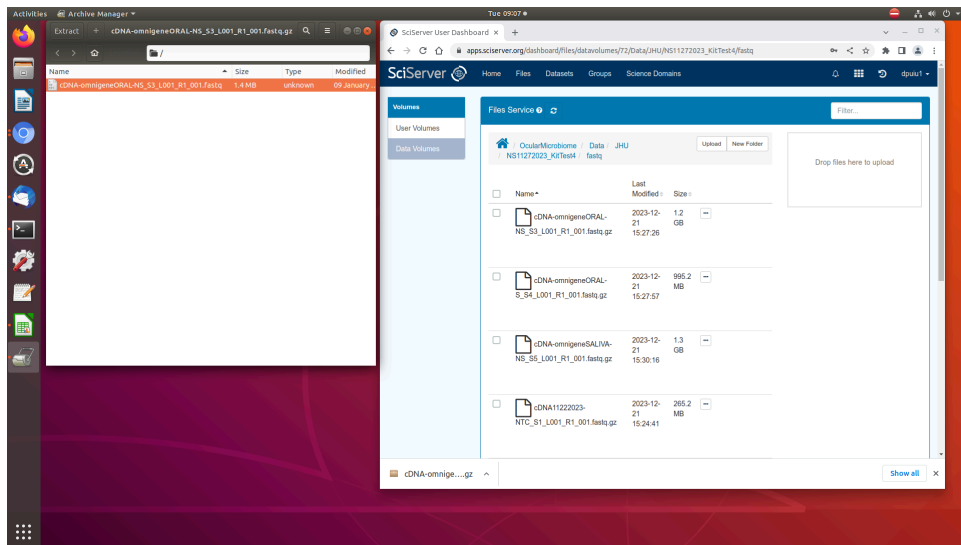

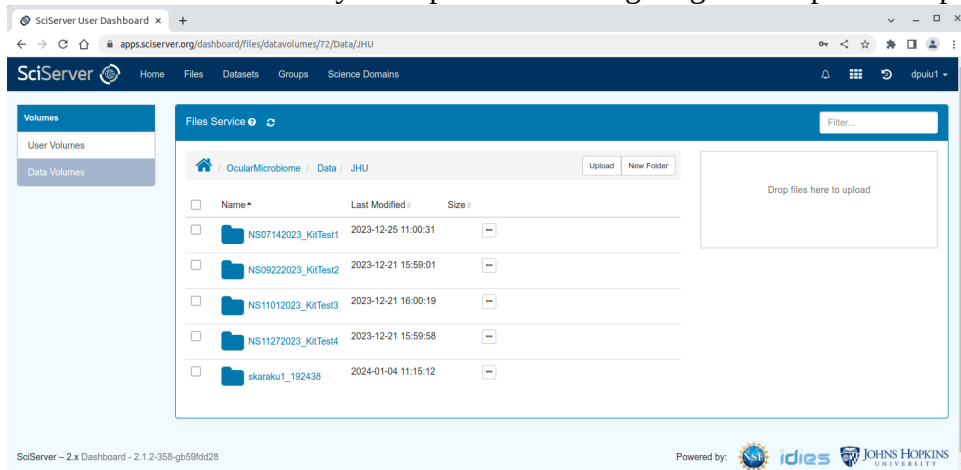

4. Upload new data

Select **Files/Data Volumes/OcularMicrobiome**

Scroll to the end of the page and select **Data**/CenterName(e.g.:JHU)

Create or select a directory and upload files using drag and drop or the Upload button.

5. Make the data public

Copy select files from
Data/CenterName
to
public/Consortium_data/CenterName

The files will be availble online at:
https://data.idies.jhu.edu/OcularMicrobiome/Consortium_data/CenterName
